DEAR SIR :- I have received yours of yesterday, in which you are pleased to compliment my "judgment in relation to those fundamental principles that underlie our civil and political liberties," and ask what that judgment is in reference to certain important measures now pending before the Legislature-and especially my "opinion on the constitutionality of the bill called the Police Bill' now pending." You ask me, as a personal favor, both to you and your constituents, to furnish the public with that opinion.

Though almost wholly abstracted from current olitics, I am yet, as during my whole life I have been, sensitively alive to the duty of defending, so far as I may be able, civil liberty against all attacks from whatever source they may come .-And, as my late venerable and deceased friend, Judge Gaston, always did for me, in my difficul-Mr. Wynne : Mr. President, allow me to | ties of early life, while I was a member of the Legislature, I cannot refuse to give you my opin-

I have anxiously considered the bill which seeks evident to Senators on this floor that it deem it to be a dangerous innovation, not only cannot pass, and it should not pass.
